

PREMIUM GEAR OIL 80W-90

HIGH PERFORMANCE GEAR OIL

DESCRIPTION:

Mineral-based gear oil specifically formulated for use in motorcycles and ATVs. Robust, shear-stable formulation is designed for transmissions without wet-clutches, differentials with or without hypoid gears and shaft-drives. Proprietary shape combines the finest mineral base stocks with industry leading extreme pressure and anti-wear additives to ensure hardware protection and smooth shifting. Exceeds the requirements of API GL-5.

FEATURES & BENEFITS:

- Formulated specifically for use in motorcycles and ATVs
- Superior protection from wear, pitting and spalling
- Shear stable formula maintains viscosity and ensures smooth shifting
- Surface-active chemistry keeps surfaces free of corrosion, deposits and wear
- Exceeds API GL-5 specifications

APPLICATIONS:

For all motorcycles and ATVs utilizing transmissions without wet-clutches, differentials with or without hypoid gears and shaft-drives recommending 90wt gear oil. Not for use in transmissions with wet-clutches.
